

The Payroll Company Announces Its Business Services Line-Up for 2019

Businesses in Albuquerque and throughout New Mexico have come to know The Payroll Company, Inc since its founding in September 2005. The company is a leader in the business community and it supports local business products and services and local non-profit organizations. The company is excited about its business prospects in 2019 and it is proud to announce its line-up of business services for the calendar year 2019.

The company's business services line-up for 2019 is as follows:

- Payroll Processing - The complete payroll processing solution for any payroll administrator
- Benefits Management - The benefits management comprehensive solution offered by The Payroll Company, Inc., reduces administrative costs while offering attractive benefits through a simplified management system.
- Human Resources Consulting - The company provides the best tools and live support available today in Albuquerque and New Mexico for managing benefits and human resources. Beginning with a new employee's application, continuing from there to training, enrollment in benefits, annual reviews and management of employee company performance records and benefits package. The Payroll Company provides a full suite of tools and live expert support to help local businesses manage its company employee's entire human resources picture.

States The Payroll Company, Inc., CEO Nestor Romero, "We are very excited about building our business in 2019. Our goal in 2019 is to help Albuquerque and New Mexico businesses do business better by providing the best tools and live support available today for payroll processing, benefits management and human resources consulting. We are 100% all about customer service. To us our clients are not a number, we consider them a partner. As such we will do everything within our power to provide the best customer service and support possible."
